

TAILORED SUITS and COATS

"How Little Can We Sell Them For?"

Figured on the basis that style, workmanship and quality being equal, THE PRICE, if lower, will get the business. We really have some exceptionally good values in Suits at \$12.50, \$15.00 and up, in which style, quality and workmanship have been maintained—but part of the profits sacrificed.

We do not think these can or will be readily duplicated.

For our sake—see them.

For your sake—buy them.

We have the proper length Coats, and proper style Skirts and the most desirable materials, such as Worsteds, Homespuns and Broadcloths in Suits to fit the Juniors, Misses and Ladies.

IMPORTANT

These Suits were not on sale a month ago.

They are new with all the advantages that NEW means NOW.

Don't neglect seeing them, others find them good, so will you.

The Star Granite company of this city has just completed for the Bowers Granite company of Montpelier one of the handsomest pieces in light Barre stock ever cut in this city. It is a portrait statue of a man on horseback and is nearly natural size. The figure on the horse is dressed in a military uniform. The statue will be erected in Jefferson park in Chicago. The carving is the work of E. Mainati and the other work on the job was done by E. Brogini.

Harry Jeffords of this city has some interesting antiques in the form of old newspapers. He has a copy of The Watchman, printed at Montpelier, December 30, 1808, and files of the Vermont Watchman for 1824 and 1825. The 1808 copy is a tiny four-page paper, giving the general news of the country, and is printed by Samuel Goss. The 1824 paper is considerably enlarged and the style of type changed. The paper at this time was published by E. P. Walton.

The annual tour of Mr. Paul Gilmore brings him to the opera house on Thursday, Sept. 23, in the latest success from the pen of George Broadhurst, "The Call of the North," a comedy drama of romance and adventure laid in the heart of the fur-trading territory of the Canadian frontier. Mr. Broadhurst, who won last year's prize as the author of "The 39th of the Hour," wrote "The Call of the North" as the dramatic version of Stewart Edward White's highly popular novel, "Conqueror's House," which has already run through several editions.
